Cross-domain evidence map

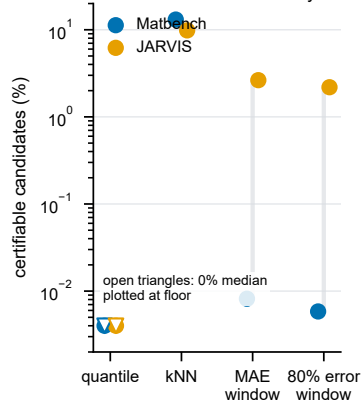

domain	Benchmark observable	Deployment claim	Fiber rule	Ambiguous	Next response
Vision	clean prediction	corruption robust	finite prediction	22.7%	corruptions
Tox21	7 assays	SR-p53	exact assay pattern	97.9%	SR-p53
Spin defects	bare host	substrate viability	reported substrates	23.0%	substrate
Matbench	formation energy	stability	quantile / kNN / window	100%	stability
JARVIS	formation energy	band gap	quantile / kNN / window	100%	band gap

b

Released responses leave ambiguity

**c**

Continuous-fiber sensitivity

**d**

Same benchmark evidence, mixed deployment labels
